INDEX OF AUTHORS

Acta Obstetricia et Gynecologica Scandinavica
Volume 67, 1988

Author	Page	Title of paper
Aabø, Ø.	723	Bacteriological findings and clinical symptoms in relation to clinical outcome in puerperal mastitis
Abildgaard, U.	99	Comparison of low molecular weight heparin vs. unfractionated heparin in gynecological surgery
Achiron, R.	561	Ovarian pregnancy. Ultrasonographic diagnosis
Al-Zaid, N.	291	Premature rupture of fetal membranes changes in collagen type
Allen, D.	301	Comparison between lysine vasopressin and a long-acting analogue (N-α-triglycyl-lysine vasopressin) used as local hemostatic agents for conization
Allen, J.	699	Effects of VIP and PHM in human intracervical arteries
Alm, P.	401	Uterine microcurettage with combined endometrial histopathology and cytology. An alternative to conventional curettage
Alomar, P.	421	The maternal-infant center in the control of hepatitis B
Altshuler, G.	513	Clinicopathologic considerations of fusobacteria chorioamnionitis
Amit, A.	585	The development of an efficient ambulatory in vitro fertilization (IVF) and embry transfer (ET) program using ultrasonically guided oocyte retrieval
Ammitzbøll, T.	539	Glycosaminoglycans in human breast cancer
Andersch, B.	645	An objective evaluation of flurbiprofen and tranexamic acid in the treatment of idiopathic menorrhagia
Andersch, B.	711	The effect of flurbiprofen and naproxen sodium on intra-uterine pressure and menstrual pain in patients with primary dysmenorrhoea
Andersen, B. M.	185	Septic abortion caused by Salmonella enteritidis
Andersen, E. S.	175	The combination of pregnancy and acute salpingitis i a case of uterus didelphys
Andersen, E. S.	281	Bilateral tubal pregnancy
Andersen, E. S.	339	The clinical significance of asymptomatic mid-trimester low placentation diagnosed by ultrasound
Andersen, E. S.	375	Adenocarcinoma of Bartholin's gland associated with extramammary Paget's disease of the vulva
Andersen, E. S.	395	Meningismus as main symptom in toxic shock syndrome
Andersen, E. S.	663	Treatment of habitual abortions associated with autoimmune abnormalities
Andolf, E.	379	Seventeen week pregnancy in a rudimentary uterine horn revealed at routine ultrasonography
Arabori, K.	265	Relation between steroid receptor levels and prolactin level in the endometrial stromal cells
Arulkumaran, S.	573	Sinusoidal-like fetal heart rate pattern
Asmussen, M.	473	Reimplantation of a benign ovarian tumor
Aursnes. I.	723	Bacteriological findings and clinical symptoms in relation to clinical outcome in puerperal mastitis
Autio, S.	211	Peroral lynestrenol and arterial disease in mentally retarded women. A case-control study based on autopsy findings
Axelsson, O.	259	Traumatic injury in large-for-date infants
Axelsson, O.	605	A prospective controlled five-year follow-up study of primiparas with gestational hypertension
Bagger, P.	223	Microsurgical reversal of female sterilization
Baglioni, A.	631	Structural and ultrastructural patterns of the human preovulatory endometrium folowing clomiphene citrate treatment
Bahary, C. M.	277	Heterotopic pregnancy
Baker, A. C.	703	A comparison of oral prostaglandin E2 tablets with intravenous oxytocin for stimulation of labor after premature rupture of membranes at term

Bakos, O.	736	Induction of labor
Barak, Y.	585	The development of an efficient ambulatory in vitro fertilization (IVF) and embry transfer (ET) program using ultrasonically guided oocyte retrieval
Barents, J. W.	141	Micturition symptoms and urinary incontinence after non-radical hysterectomy
Bartolozzi, M.	557	Rokitansky -Küster-Hauser syndrome with ectrodactyly
Bartolozzi, P.	557	Rokitansky -Küster-Hauser syndrome with ectrodactyly
Ben-Aderet, N.	369	An unusually aggressive verrucose carcinoma of the uterine cervix
Ben-Aderet, N.	665	Transperitoneal ovum migration in women with unilateral congenital ovarian absence
Ben-Nun, I.	665	Transperitoneal ovum migration in women with unilateral congenital ovarian absence
Bengtsson, B.-Å.	543	Continuous 24-hour secretion of growth hormone during late pregnancy. A regulator of maternal metabolic adjustment?
Berdal, B.	185	Septic abortion caused by Salmonella enteritidis
Berge, L. N.	499	Phagocytic cell activity in pre-eclampsia
Bergsjø, P.	387	Oddmund Koller in memoriam
Bergström, R.	259	Traumatic injury in large-for-date infants
Bevegård, S.	109	Evaluation of three simple physiologic tests as predictors of pregnancy-induced hypertension
Bevegård, S.	519	Effect of exercise on cathecolamines and plasma renin activity in pregnant women
Bhargava, V. L.	751	Ruptured uterine sacculation
Bhatenia, R. K.	115	Outcome of pregnancy after infertility
Bistoletti, P.	343	Cytological diagnosis of endometrial cancer and preinvasive endometrial lesions. A comparison of the Endo-Pap sampler with fractional curettage
Bjøro, K.	75	Breech delivery. An obstetrical analysis
Blanco, I.	421	The maternal-infant center in the control of hepatitis B
Blankstein, J.	311	The effect of clomiphene citrate and tamoxifen on the cervical mucus
Bock, J. E.	437	Trainability of the pelvic floor. A prospective study during pregnancy and after delivery
Bodén, E.	147	Clinical characteristics of papillomavirus-vulvovaginitis
Bondesen, H.	315	Perineal rupture following vaginal delivery. Long-term consequences
Børlum, K. G.	105	Fetal cardiac function in response to long-term maternal terbutalin treatment
Borstad, E.	99	Comparison of low molecular weight heparin vs. unfractionated heparin in gynecological surgery
Bou-Resli, M. N.	291	Premature rupture of fetal membranes changes in collagen type
Bratt, H.	247	A randomized trial of three cupper IUD:s (MLCu250, MLCu375 and Nova-T)
Brock, A.	65	Amylase activity and fast-migrating amylase isoenzymes in serum and cyst fluid from patients with ovarian neoplasms
Brodersen, R.	405	Albumin binding of MADDS (a measure of bilirubin binding) in women during pregnancy and after delivery and in their infants
Brown, E. R.	153	Detection of abnormal cervical smears. A comparative study
Bryman, I.	323	Reduced incidence of postoperative endometritis by the use of laminaria tents in connection with first trimester abortion
Buhaug, H.	525	Induced abortion. Chlamydia trachomatis and postabortal complications
Buhl, L.	93	Fallopian tube papilloma in a patient with primary sterility
Burger, M. P. M.	33	The negative association between a history of recurrent herpes labialis and cervical neoplasia
Burger, M. P. M.	689	Age at first pregnancy and the viral etiology of cervical neoplasia
Bygdeman, M.	677	Obstetric pain medication and eventual adult amphetamine addiction in offspring
Bäckström, T.	159	Induced anovulation as a treatment of premenstrual tension syndrome
Bäckström, T.	467	Decrease in serum concentration of 5 alpha-pregnane-3,20-dione prior to spontaneous labor
Bäckström, T.	736	Induction of labor
Börlum, K. G.	413	Urinary Iodine excretion is low and serum tthyroglobulin high in pregnant women in parts of Denmark
Candiani, G. B.	631	Structural and ultrastructural patterns of the human preovulatory endometrium folowing clomiphene citrate treatment
Carlström, K.	241	Metabolism of estrone sulphate in postmenopausal vaginal mucosa
Carlström, K.	359	Dehydroepiandrosterone sulfate in saliva
Carr, J. V. L.	153	Detection of abnormal cervical smears. A comparative study
Chang, F.-M.	621	Rapid karyotyping in fetuses with abnormal sonogram
Chapman, M. G.	153	Detection of abnormal cervical smears. A comparative study
Chen, H.-Y.	621	Rapid karyotyping in fetuses with abnormal sonogram
Chichareon, S. B.	187	Endometriosis with ascites
Chin, R. H. K.	599	Plasma zinc concentration and thyroid function in hyperemetic pregnancies

Chrintz, H.	91	Solitary metastatic endometrial carcinoma of the spleen
Christensen, K. C.	237	Ovarian cysts in women with inflammatory bowel disease
Christiansen, O. B.	663	Treatment of habitual abortions associated with autoimmune abnormalities
Chuang, S.-M.	621	Rapid karyotyping in fetuses with abnormal sonogram
Clausen, I.	595	Breech position, delivery route and congenital hip dislocation
Cohen, M.	737	Uterine and umbilical blood flow during cesarean section under epidural anesthesia
Cordoba, M.	369	An unusually aggressive verrucose carcinoma of the uterine cervix
Craft, I.	727	Follicular fluid histamine concentrations in infertile women with pelvic adhesions
Croxatto, H. B.	433	On the rate of tubal pregnancy contralateral to the corpus luteum
Croxatto, H. D.	433	On the rate of tubal pregnancy contralateral to the corpus luteum
Cucos, B.	695	Maternal and fetal serum levels of organochlorine compounds in cases of premature rupture of membranes
Cullberg, G.	167	Ethinylestradiol and desogestrel, alone or in combination with two doses of estriol. Effects on plasma proteins
Cullberg, G.	271	Fat soluble 17-beta-estradiol. A way of reducing dosage in steroid hormonal substitution?
Cullberg Valentin, K.	247	A randomized trial of three cupper IUDs (MLCu250, MLCu375 and Nova-T)
Dahl, C	223	Microsurgical reversal of female sterilization
Dakkak, M. R.	397	Effect of permixon on androgen receptors
Dalaker, K.	185	Septic abortion caused by Salmonella enteritidis
Dale, P. O.	355	Benefits of continuous infusion epidural analgesia throughout vaginal delivery
Dalen, A.	525	Induced abortion. Chlamydia trachomatis and postabortal complications
Dallas, J. H.	155	Mothering problems and child morbidity amongst "mothers with emotional disturbances"
Dallas, J. H.	327	Antenatal health questionnaire to identify "mothers with emotional disturbances" as a potential risk group
Dandona, P.	727	Follicular fluid histamine concentrations in infertile women with pelvic adhesions
Danneskiold-Samsoee, B.	437	Trainability of the pelvic floor. A prospective study during pregnancy and after delivery
David, M. P.	585	The development of an efficient ambulatory in vitro fertilization (IVF) and embry transfer (ET) program using ultrasonically guided oocyte retrieval
de Jonge, M. K.	141	Micturition symptoms and urinary incontinence after non-radical hysterectomy
de Pablo, F.	433	On the rate of tubal pregnancy contralateral to the corpus luteum
del Valle, J. M.	421	The maternal-infant center in the control of hepatitis B
Dicker, D.	333	Intrapartum management of insulin-dependent diabetes mellitus (IDDM) gestants. A comparative study of constant intravenous insulin infusion and continuous subcutaneous insulin infusion pump
DiGregorio, A.	135	Hysteroscopy in an IVF-ER Program. Clinical experience with 360 infertile patients
Dorta, M.	631	Structural and ultrastructural patterns of the human preovulatory endometrium folowing clomiphene citrate treatment
Dreisler, A.	37	Comparative trial of the effects on glucose tolerance and lipoprotein metabolism of two new oral contraceptives containing gestoden and desogestrel
Ebbesen, F.	405	Albumin binding of MADDS (a measure of bilirubin binding) in women during pregnancy and after delivery and in their infants
Edén, S.	543	Continuous 24-hour secretion of growth hormone during late pregnancy. A regulator of maternal metabolic adjustment?
Edén, S.	549	Growth hormone secretion during termination of pregnancy. Further evidence for a placental variant
Eidal, K.	129	Measurement of fetal head compression pressure during bearing down and their relationship to the condition of the newborn
Einerth, Y.	627	Cryosurgical treatment of CIN I—III
Eklund, G.	677	Obstetric pain medication and eventual adult amphetamine addiction in offspring
El Moumani, A. W.	669	Pregnancy and ventriculoperitoneal shunt
El Sheikh, M. M.	397	Effect of permixon on androgen receptors
Eldov, K.	539	Glycosaminoglycans in human breast cancer
Eneroth-Grimfors, E.	109	Evaluation of three simple physiologic tests as predictors of pregnancy-induced hypertension
Eneroth-Grimfors, E.	519	Effect of exercise on cathecolamines and plasma renin activity in pregnant women
Engdahl, E.	85	Carcinofibroma — a rare variant of mixed Müllerian tumor
Eriksson, A.	147	Clinical characteristics of papillomavirus-vulvovaginitis
Eriksson, L.	543	Continuous 24-hour secretion of growth hormone during late pregnancy. A regulator of maternal metabolic adjustment?
Eriksson, L.	549	Growth hormone secretion during termination of pregnancy. Further evidence for a placental variant

Erkkola, R.	181	Allergic reaction to an amide local anesthetic in segmental epidural analgesia
Ever-Hadani, P.	695	Maternal and fetal serum levels of organochlorine compounds in cases of premature rupture of membranes
Fabriek, L. M.	139	Abortion risk and pregnancy interval
Fedele, L	631	Structural and ultrastructural patterns of the human preovulatory endometrium folowing clomiphene citrate treatment
Fehrman, H	125	Surgical management of life-threatening obstetric and gynecologic hemorrhage
Feijen, H. L. M.	229	Domiciliary fetal monitoring via telephone. A preliminary report
Fejgin, M.	665	Transperitoneal ovum migration in women with unilateral congenital ovarian absence
Fejgin, M. D.	369	An unusually aggressive verrucose carcinoma of the uterine cervix
Feldberg, D.	333	Intrapartum management of insulin-dependent diabetes mellitus (IDDM) gestants. A comparative study of constant intravenous insulin infusion and continuous subcutaneous insulin infusion pump
Ferrer, P.	421	The maternal-infant center in the control of hepatitis B
Flam, F.	649	The value of endometrial curettage in the follow-up of hydatidiform mole
Forman, A.	699	Effects of VIP and PHM in human intracervical arteries
Forsdahl, F.	471	Transvaginal sperm intra-fallopian transfer transfer (SIFT). A new treatment for unexplained infertility
Forss, M.	15	Effect of exercise on placental blood flow in pregnancies complicated by hypertension, diabetes or intrahepatic cholestasis
Forss, M.	21	Effect of exercise on maternal hemodynamics and placental blood flow in healthy women
Frankenne, F.	549	Growth hormone secretion during termination of pregnancy. Further evidence for a placental variant
Fridström, M.	359	Dehydroepiandrosterone sulfate in saliva
Fröhlander, N.	543	Continuous 24-hour secretion of growth hormone during late pregnancy. A regulator of maternal metabolic adjustment?
Furuhjelm. M.	241	Metabolism of estrone sulphate in postmenopausal vaginal mucosa
Garau, A.	421	The maternal-infant center in the control of hepatitis B
García-Perea, A.	617	Recto-vaginal colonization and urinary tract infection by group B streptococcus in the pregnant diabetic patient
Gerdes, U.	569	Ovarian and intrauterine pregnancy combined
Gill, D. S.	727	Follicular fluid histamine concentrations in infertile women with pelvic adhesions
Glavind, K.	177	Cystic juvenile granulosa cell tumor of the ovary
Goldberger, S.	369	An unusually aggressive verrucose carcinoma of the uterine cervix
Goldman, J. A.	333	Intrapartum management of insulin-dependent diabetes mellitus (IDDM) gestants. A comparative study of constant intravenous insulin infusion and continuous subcutaneous insulin infusion pump
Gonzáles, L.	421	The maternal-infant center in the control of hepatitis B
Gorodeski, I. G.	277	Heterotopic pregnancy
Grainger, J. M.	153	Detection of abnormal cervical smears. A comparative study
Granberg, S.	323	Reduced incidence of postoperative endometritis by the use of laminaria tents in connection with first trimester abortion
Gregersen, E.	219	Prostaglandin vaginal suppositories in non pregnant women requiring cervical dilatation prior to hysteroscopy
Gruber, A.	665	Transperitoneal ovum migration in women with unilateral congenital ovarian absence
Grunnet, N.	663	Treatment of habitual abortions associated with autoimmune abnormalities
Gudmundsson, S.	347	Umbilical artery and uteroplacental blood flow velocity waveforms in normal pregnancy. A cross-sectional study
Gumaa, K. A.	291	Premature rupture of fetal membranes changes in collagen type
Gurung, G.	47	Some fetal and pregnancy parameters in Nepal
Gurung, R.	47	Some fetal and pregnancy parameters in Nepal
Haase, P.	659	Influence of operations for stress incontinence and/or genital descensus on sexual life
Hairi, J.	71	Diagnostic accuracy of outpatient endocervical curettage using conventional and vabra curettage of the cervix
Hald, F.	71	Diagnostic accuracy of outpatient endocervical curettage using conventional and vabra curettage of the cervix
Hald, F.	219	Prostaglandin vaginal suppositories in non pregnant women requiring cervical dilatation prior to hysteroscopy
Halila, H.	53	Ca 125 in the follow -up of patients with ovarian cancer
Hammarbäck, S.	159	Induced anovulation as a treatment of premenstrual tension syndrome
Handeland, G.	99	Comparison of low molecular weight heparin vs. unfractionated heparin in

		gynecological surgery
Hannisdal, E.	75	Breech delivery. An obstetrical analysis
Hansen, E.-S.	413	Urinary Iodine excretion is low and serum tthyroglobulin high in pregnant women in parts of Denmark
Hansen, H. S.	475	Antepartum loping of the umbilical cord
Hansen, M. K.	71	Diagnostic accuracy of outpatient endocervical curettage using conventional and vabra curettage of the cervix
Hansen, V.	699	Effects of VIP and PHM in human intracervical arteries
Harris, V. G.	153	Detection of abnormal cervical smears. A comparative study
Haspels, A. A.	141	Micturition symptoms and urinary incontinence after non-radical hysterectomy
Hassan, A.	669	Pregnancy and ventriculoperitoneal shunt
Hastrup, N.	375	Adenocarcinoma of Bartholin's gland associated with extramammary Paget's disease of the vulva
Hauch, O.	27	The oral contraceptive user
Hebjørn, S.	3	Herpes simplex virus IgA in pregnancy
Hedner, J.	717	Plasma arterial natriuretic peptide (ANP) and maternal hemodynamic changes during normal pregnancy
Hedner, T.	717	Plasma arterial natriuretic peptide (ANP) and maternal hemodynamic changes during normal pregnancy
Helm, G.	379	Seventeen week pregnancy in a rudimentary uterine horn revealed at routine ultrasonography
Helm, P.	215	Pregnancy outcome after metroplasty in women with Müllerian anomalies
Helm, P.	373	Pregnancy in a 50-year old
Hennen, G.	549	Growth hormone secretion during termination of pregnancy. Further evidence for a placental variant
Henriksen, R.	65	Amylase activity and fast-migrating amylase isoenzymes in serum and cyst fluid from patients with ovarian neoplasms
Henriksen, T.	243	Oocyte retrieval in an IVF program. A comparison of laparoscopic and transvaginal ultrasound-guided follicular puncture
Hercz, P.	233	Perinatal progesterone in maternal-fetoplacental system during mature and premature deliveries
Hess, J.	405	Albumin binding of MADDS (a measure of bilirubin binding) in women during pregnancy and after delivery and in their infants
Hessov, I.	225	Improved early alimentation after radical hysterectomies without the traditional use of stomach tube
Hillersborg, B.	475	Antepartum loping of the umbilical cord
Himmelstrup, B.	411	Ureteral obstruction caused by endometriosis
Hjerpe, A.	343	Cytological diagnosis of endometrial cancer and preinvasive endometrial lesions. A comparison of the Endo-Pap sampler with fractional curettage
Ho, C.-H.	417	Serum folate levels in normal full-term pregnant Chinese women
Hochner-Celnikier, D.	695	Maternal and fetal serum levels of organochlorine compounds in cases of premature rupture of membranes
Holst, N.	471	Transvaginal sperm intra-fallopian transfer transfer (SIFT). A new treatment for unexplained infertility
Horgen, M.	723	Bacteriological findings and clinical symptoms in relation to clinical outcome in puerperal mastitis
Hovi-Vivander, M.	181	Allergic reaction to an amide local anesthetic in segmental epidural analgesia
Hsieh, F.-J.	621	Rapid karyotyping in fetuses with abnormal sonogram
Hsu, H.-C.	621	Rapid karyotyping in fetuses with abnormal sonogram
Huch, A.	283	Normal placental function and fetoplacental blood circulation in advanced abdominal pregnancy
Huch, R.	283	Normal placental function and fetoplacental blood circulation in advanced abdominal pregnancy
Huovinen, K.	211	Peroral lynestrenol and arterial disease in mentally retarded women. A case-control study based on autopsy findings
Hyde, S.	513	Clinicopathologic considerations of fusobacteria chorioamnionitis
Håkansson, A.	639	Comparison between the outcome of antenatal care led primarily by district physician or by obstetrician
Håkansson, . M.	571	Menstruation-related angioedema treated with tranexamic acid
Iacona, T.	589	Response to human chorionic gonadotropin in patients with ovarian tumors
Ibrahim, M. E. A.	291	Premature rupture of fetal membranes changes in collagen type
Ibsen, T. B.	389	Operative treatment of recurrent cancer of the uterine cervix after radiotherapy

Ilum, L.	363	Life-threatening hemorrhage due to uterine vascular abnormality
Insunza, A.	433	On the rate of tubal pregnancy contralateral to the corpus luteum
Ionescu, A.	401	Uterine microcurettage with combined endometrial histopathology and cytology. An alternative to conventional curettage
Istre, O.	315	Perineal rupture following vaginal delivery. Long-term consequences
Iversen, O.-E.	531	DNA ploidy and steroid receptors as predictors of disease course in patients with endometrial carcinoma
Iwasaka, T.	59	Preoperative diagnosis of ovarian malignancies with intravenous digital subtraction angiography
Iwasaki, H.	553	Endometrial carcinoma following chronic anovulation in a premenopausal woman with systemic lupus erythematosus
Jacobson, B.	677	Obstetric pain medication and eventual adult amphetamine addiction in offspring
Jean, H.-H.	621	Rapid karyotyping in fetuses with abnormal sonogram
Jensen, A. T.	195	Pudendal block in vaginal deliveries. Mepivacaine with and without epinephrine
Jensen, H.	363	Life-threatening hemorrhage due to uterine vascular abnormality
Jeremy, J. Y.	727	Follicular fluid histamine concentrations in infertile women with pelvic adhesions
Joelsson, I.	467	Decrease in serum concentration of 5 alpha-pregnane-3,20-dione prior to spontaneous labor
Joelsson, I.	477	Spontaneous rupture of uterine vein during late pregnancy
Joelsson, I.	675	Editorial Comment
Johannesen, P. L.	413	Urinary Iodine excretion is low and serum tthyroglobulin high in pregnant women in parts of Denmark
